CONTENTS

No. 1—September

PAGE

DOBBIE, J. W. Adrenocortical nodular hyperplasia: the ageing adrenal (Plates I and II) 1

GUPTA, P. P., H. D. TANDON and V. RAMALINGASWAMI. Spontaneous vascular lesions in Indian pigs (Plates III–VII) 19

BERRY, COLIN L. Changes in the wall of the pulmonary artery after banding (Plates VIII–XII) 29

WHITEHEAD, R., and M. S. DUNNILL. Primary dissecting aneurysms of coronary arteries (Plates XIII–XVII) 33

ROY, S., and L. WOLMAN. Ultrastructural observations in Parkinsonism (Plates XVIII–XXIII) 39

CHALMERS, R. A., R. W. E. WATTS, LUCILLE BITENSKY and J. CHAYEN. Microscopic studies on crystals in skeletal muscle from two cases of xanthinuria (Plates XXIV–XXX) 45

DESA, D. J. Microscopy of the pulmonary alveolar lining layer in rabbits and perinatal infants (Plate XXXI) 57

BECK, J. SWANSON, H. F. FULMER and S. T. LEE. Solid malignant ovarian teratoma with "embryoid bodies" and trophoblastic differentiation (Plates XXXII–XXXIV) 67

GOPINATH, C., and E. J. H. FORD. The effect of *Lantana camara* on the liver of sheep (Plates XXXV–XXXVII) 75

FERGUSON, ANNE, J. D. MAXWELL and KATHARINE E. CARR. Progressive changes in the small-intestinal villous pattern with increasing length of gestation (Plate XXXVIII) 87

CLARK, SUSAN. Objective quantitative estimation of the acute inflammatory response (Plate XXXIX) 93

LEE, D. Antihistamine activity of the eosinophil 96

BOOKS RECEIVED 99

No. 2—October

MACADAM, R. F. The fine structure of a human carotid body tumour (Plates XL–XLIV) 101

HARCOURT-WEBSTER, J. N., and R. F. TRUMAN. An enzyme histochemical study of some dehydrogenases in abnormal human mammary tissue (Plates XLV–XLVIII) 105

ARCHER, F., and M. OMAR. The fine structure of fibro-adenoma of the human breast (Plates XLIX–LIII) 113

PAGE

ARCHER, F., and M. OMAR. Pink cell (oncocytic) metaplasia in a fibro-adenoma of the human breast: electron-microscope observations (Plates LIV–LVI) . . 119

DAVIES, D. J., A. KENNEDY and C. ROBERTS. Renal medullary necrosis in infancy and childhood (Plates LVII and LVIII) 125

LITTLE, R. A. Changes in the reactivity of the skin blood vessels of the rabbit with age (Plates LIX–LXII) 131

RYAN, G. B., and W. G. SPECTOR. Natural selection of long-lived macrophages in experimental granulomata (Plate LXIII) 139

BARLOW, R. M. Early morphological and histochemical consequences of peripheral nerve section in lambs of normal and low copper status (Plates LXIV–LXVIII) 153

LUCAS, D. R., and ELIZABETH M. PEAKMAN. Ultrastructural changes in lymphocytes in lymph-nodes, spleen and thymus after sublethal and supralethal doses of X-rays (Plates LXIX–LXXVII) 163

WILLIAMS, H. I. Primary malignant meningeal melanoma associated with benign hairy naevi (Plates LXXVIII and LXXIX) 171

MOLD, J. W. Benign solid teratoma of uterus (Plates LXXX and LXXXI) . . 173

GRACE, H., and S. A. WASSEF. Juxta-intestinal cystic schistosomal granuloma (Plates LXXXII and LXXXIII) 176

No. 3—November

JONES, E. L. Quantitative histological study of the medial thickness of the pulmonary trunk and muscular pulmonary arteries in the vervet monkey (Plates LXXXIV–LXXXVI) 181

RIDLEY, A., and J. B. CAVANAGH. The cellular reactions to heterologous, homologous and autologous skin implanted into brain (Plates LXXXVII and LXXXVIII) 193

BROCKLEHURST, GORDON. A quantitative study of a spina bifida foetus (Plates LXXXIX–XCI) 205

STEARNER, S. PHYLLIS, and MARGARET H. SANDERSON. Early vascular injury in the X-irradiated chick embryo: an electron-microscope study (Plates XCII–CV) . 213

WILLIAMS, A. OLUFEMI. Atherosclerosis in the Nigerian 219

SMITH, STANLEY B., and BYRON H. WAKSMAN. Passive transfer and labelling studies on the cell infiltrate in experimental allergic encephalomyelitis (Plates CVI and CVII) 237

VAN ARMAN, C. G., and G. W. NUSS. Plasma bradykininogen levels in adjuvant arthritis and carrageenan inflammation 245

KENNEDY, J. S. The pathology of dyshormonogenetic goitre (Plates CVIII–CXV) . 251

No. 4—December

STRAMIGNONI, A., F. MOLLO, S. RUÀ and G. PALESTRO. Development of the lymphoid tissue in the rabbit appendix isolated from the intestinal tract (Plates CXVI–CXX) 265

PAGE

MARTINEAU, MARY. Chromosomes in human testicular tumours (Plates CXXI–CXXIV) 271

COOK, JOSEPHINE, W. J. FINCHAM and C. H. LACK. Chronic arthritis produced by streptococcal L-forms (Plates CXXV–CXXVIII) 283

JOHANSEN, PATRICIA G., and ROSA KAY. Histochemistry of rectal mucus in cystic fibrosis of the pancreas (Plates CXXIX and CXXX) 299

JONES, J. E. T. The experimental production of streptococcal endocarditis in the pig (Plates CXXXI–CXXXIV) 307

PARRY, E. W. The effects of pregnancy on hepatocyte lysosome numbers in the albino rat 319

THAM, K. T., H. L. WEN and T. B. TEOH. A case of papillary adenocarcinoma of the choroid plexus (Plates CXXXV–CXXXVII) 321

KURMAN, ROBERT J., RICHARD L. FUNK and A. HYMAN KIRSHENBAUM. Spina bifida with associated choristoma of Müllerian origin (Plates CXXXVIII and CXXXIX) 324

SCHILLER, ALAN L., RONALD D. HUNT and RONALD DIGIACOMO. Basal-cell tumour in a rhesus monkey (*Macaca mulatta*) (Plate CXL) 327

BLENKINSOPP, EVELYN C., and W. K. BLENKINSOPP. Mast cell, eosinophil and neutrophil response to injections of histamine and water. 329

TAPP, E. Basement-membrane calcification in the placenta (Plate CXLI) . . 333

DODD, KEVIN, and TRAOLACH O NUALLÁIN. Effect of antilymphocytic sera on the histopathology of *Fasciola hepatica* infestation in rabbits (Plates CXLII and CXLIII) 335

JACQUES, J., and H. C. S. CAMERON. Changes in the ground-substance of healing wounds (Plates CXLIV and CXLV) 337

INDEX OF SUBJECTS 341

INDEX OF AUTHORS 347
